

HEADS UP!

Monday, October 25th—Fresh to You bundles—this is the last day to get your orders in. Please make sure to get these in so no one misses out.

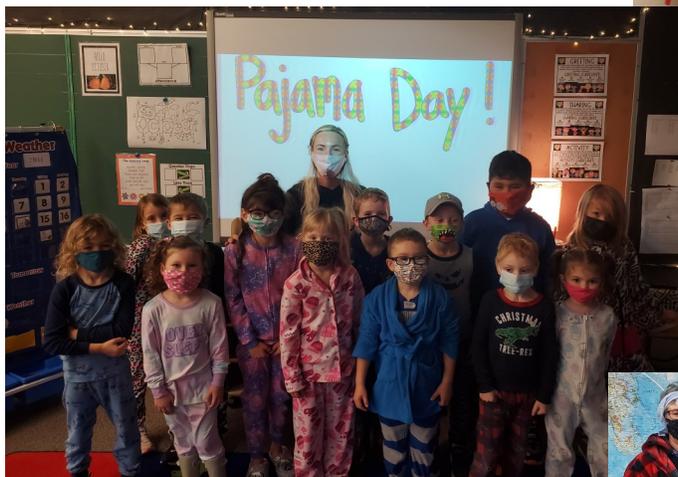

Monday, October 25th—PAC Meeting—The Zoom link will be posted in the PAC Facebook group. Please make sure to keep an eye out for that.

Wednesday, October 27th—Hot Lunch—We will be serving Mummy dogs for hot lunch. Permission forms will be going home today and are due back on October 26th.

Friday, October 29th—Haunted Hallway—Mr. Tanner's class will be making a haunted hallway for the rest of the school to enjoy. Pictures are to follow.

Love where you live and learn

Pajama day was a success with many of the students and staff participating. It is always great to see so much of our school participating in such a great day.

Earthquake Preparedness

Here is our school Earthquake Procedure:

1. Assume “CRASH” position: **drop** on knees, **tuck** head down, **cover** your head with your hands or with a book.
3. **Take cover under the desks** and tables (if possible).
4. **Face away from windows**.
5. **Count aloud to 60 when the shaking has stopped**. This is to allow for aftershocks to happen. Also counting aloud is calming.
6. **Evacuate the building in single file** (only when instructed by teacher or other staff).
7. **Keep calm and move to the designated area** (playing field - same as fire drill).
8. **Teachers will count students** and compare with the day’s attendance.
9. Teachers will send a runner to the adult wearing the Hi-Vis vest (principal, or secretary with the attendance count and the name(s) of any missing students).
10. **Do not go home without permission**.—students will only be dismissed if the release form has been signed and returned to the secretary. In an emergency we ask that parents do not come to the school until they are contacted so as not to impede the emergency responders.
11. **Return to the classroom when the all-clear signal has sounded**.
12. When the class returns to the classroom, **talk** about earthquakes and the drill.

It is a good idea to create a plan for your family at home and make sure everyone knows what to do if an Earthquake happens while you’re at home.

Some tips for an emergency preparedness kit:

Keep flashlights in each room and check batteries regularly

Whistle

A household first aid kit

Power packs for phone

A supply of water for three days

A few weeks worth of tinned/dry food

Can opener

Blankets

Copies of important personal documents (passport etc.)

Swiss Army knife/ simple tool set
